> Please reply here to confirm that you received this message, and also

> DSLnet's grant of waiver of the Commission's 60 day time limit for

> resolving

> CLEC applications, that I emailed on Tuesday, April 6, 1999.

> (1) Switch. DSLnet has no present or imminent plans to purchase a

> switch at this time.

>

> (2) Capital budget for Tennessee. DSLnet does not separately break out

> its budget on a case by case basis. However, as mentioned in the

> application, DSLnet initially will provide services in Tennessee on a

> resale

> basis. Thus, its investment specific to Tennessee will not be

> substantial.

> The extent of DSLnet's investments in states other than Tennessee will not

> affect its proposed

> operations in the state. In any case, as demonstrated on the financial

> statements attached to the application, DSLnet possesses the financial

> resources to provide long-term, high quality competitive service in

> Tennessee. In fact, in the past week, DSLnet has secured obtained

> additional funding secured by dsl.net, inc. through an agreement for

> additional and substantial private placement funding.
